

**WINES FROM HOUSE OF TOWNEND, MELTON.
OVER 20 BEERS FROM LOCAL BREWERIES.
SPIRITS FROM ANOTHER DIMENSION.**

Here at Kardomah94 we rely on local distributors and producers. This provides a selection that could only come from this area – and one that changes with seasons and tradition.

Please use this list as a guide. Please also ask about any special promotions we have and the present beer on offer – as a welcome to regional brewing excellence.

We rely on the experience of House of Townend from Melton for our wine selection. The beers are mainly brewed locally, primarily from Great Newsome Brewery based east of Hull and Wold Top in the Yorkshire Wolds, north of Driffield.

Other local bottled brews are often available too.
